

FACULTY OF PHARMACEUTICAL SCIENCES, UBC

Assistant Dean, Practice Innovation

The Faculty invites applications for a full-time Assistant Dean, Practice Innovation, who will be appointed for an initial six-year term with an opportunity for renewal. The successful applicant must possess a baccalaureate degree in pharmacy and a Ph.D. in a pharmaceutical sciences or health discipline or a Pharm.D. or M.D. degree with post-doctoral research training. The Assistant Dean, Practice Innovation, will serve to transform our practice related vision and programs during a period of growth and new investment. A record of extra-mural funding, excellence as a learning facilitator with a track record of achievement in practice innovation, demonstrated leadership skills, a capacity to successfully engage in training graduate/postgraduate pharmacy students, and a comprehensive understanding of the pharmacy practice arena are essential for this important academic leadership role.

The successful applicant will be appointed as a tenure track Associate or Full Professor. Salary is negotiable, commensurate with experience, and is subject to final budgetary approval. The closing date for applications is November 30, 2010. Preferred start date is April 1, 2011. Please send a letter of application, curriculum vitae, & the names of three referees to:
